

Pozi Screws

Factory part number's can tell you what size and type a screw is

CMZ = zinc, countersunk, machine screw
 PMZ = zinc pan head machine screw
 RMZ = zinc raised countersunk machine screw
 PTZ = zinc pan head self tapping
 RMP = chrome raised countersunk machine screw
 CMP = chrome countersunk machine screw
 RJP = chrome raised countersunk machine screw

CTZ = zinc, countersunk self tapping
 MTZ = zinc, flange, self tapping
 PMP = chrome, pan head, machine screw
 RMZ = zinc, raised countersunk, machine screw
 RTP = chrome, raised countersunk self tapping
 RTZ = zinc, raised countersunk, self tapping
